GAMES:

Tulane, Georgia Tech

ERRORS:

STRONG POINTS: Tough and Aggressive most of the time and willing tackler. Decent size but needs to get stronger for any role on the next level. Shows some coverage skills as a Safety.

WEAKNESS: Finds the ball but takes poor angles and shows poor technique when tackling a lot of the time. Often too aggressive in run support, which resulted in big plays.

SUMMARY:

Decent size and strength but needs to improve his focus and awareness. Tough but just made bad decisions on angles and reacting around the LOS. Definitely a special teams player and one day could contribute as a backup safety if he gets the right coaching and improves his techniques. will probably be a UDFA if he enters the 2023 draft.
