Physical Description (Injuries, Glasses, etc.) GRADUATION MAY 2016

Tall well proportioned athletic body, strong upper body, long arms, and legs. Young, five tool outfielder/catcher very smooth fielding and throwing action. Does everything with ease to include hitting for power. Has an injury two years ago right shoulder.

Abilities
 Has above average ability, covers more ground than speed suggest. Great arm strength. Plus power generates good lift and hitting stride always shows quality at bats and speed. Over the fence power. As a catcher has a strong arm good map excellent baseball awareness and execution.

Weaknesses
 Cold weather; more of an outfielder than a catcher but will make a great catcher. Tendency to rush the ball when catching making it to sail. Solid outfielder to. Natural ability well noted.

Good high school athletic (JP. TARRAVILLA), then as a college player at Roane State TN. Since injury has been working to get back into the farm system. He has an excellent field for the game and work ethic. Needs to be in a farm system now. I like to select him into a class "A" or "AA" system to have as a reserve as soon as possible.
