Summation: Strong and powerful outfielder, plus power potential at the plate (17 HRs for HS career, including 3 in state playoff games). Tight compact swing with quick wrists. Good plate discipline (only 20% K career K rate and 13% BB rate), hardly ever misses a fastball. Above average fielder with slightly above average arm strength (96 POs and 14 assist in 114 total chances), not very fast but fast enough for corner outfield. Could potential move to corner infield. Highest rated outfielder in state with great future power potential, but needs further seasoning at next level (tougher competition)
